Where caring matters...

April Newsletter 2024

Hello to All!

As we write, we hope that you find our newsletter informative and interesting. We are keen to convey our 'home from home' approach here. We have a huge amount of fun and laughter which hopefully you will gauge from the many photos here. You are so welcome to join us on our daily activity sessions.

The Hoppiness Project

The 'Hoppiness Project' is in full swing. The hops planted outside and a plan in place for the brewery tour. It's not just about beer, togetherness is the essence of it all.

Where caring matters...

What's the news on the grapevine... well... we have a new volunteer, yes, 'Murphy', the cutest dog ever, who visits regularly with Sarah. Murphy is Pets Therapy trained and already has made a big impact here. Thank you Sarah, we are thrilled that you chose us!

The last few weeks we have focused on crafting activities, a lot of music and dancing, poetry, as it is so fluid, and we have had a lot of 'high jinks'. Somehow, we have acquired an array of theatrical dress-up and everyone is joining the fun, and the creative energy is flowing.

Where caring matters...

Shannon, our singer, has entertained all of us.

We have also grabbed the opportunity to get out in the garden (in between showers!) and plant up the gladiolus and dahlias.

Meadowcare Home

Where caring matters...

Iwona created a beautiful lavender craft session – check out the display if you are about.

Upcoming Event:

Lastly, *St. John's Primary School* are back with us soon – we can't wait.

Join us. It's super watching our Meadowcare family loving every minute down with the kids.
